"ALL DOWN."

The Palace and Monte Carlo Promptly Obey the Law.

Last Sunday March 31st, at midnight throughout Arizona, sounded the death-knell of gambling and the retirement from business of the most generous, open-hearted class of men this territory will ever see. Men who will be greatly missed when the charity-box is passed around, for in many instances the professional gambler has been the first to assist the poor and needy.

When the hour for closing gambling games, as specified in the anti-gambling bill passed by the twenty-fourth legislature, arrived, games in The Palace and in the Monte Carlo, had closed and gambling in Nogales a thing of the past.

At the Monte Carlo Cohen & Walters and their associates, as fine a bunch of square sports as ever gave a man a run for his money, closed their games about half past eleven, and the "tiger" retired quietly, gracefully and with honor.

At The Palace, possibly the best known gambling resort in the territory, where four lives were snuffed out with a 45 Colts, because M. M. Conn. one of the victims, would not permit a crooked game, a large crowd assembled to see the tiger fight his last fight. Dave Black, of Dodge City fame, was behind the Monte. and Ed. Baker whirled the roulette ball, to the tune of "In the Good Old Summer Time." Promptly at 12 o'clock, Lee Reagan, proprietor of the games, cried "All down boys, the games are closed, have a smile on me."

THE BORDER VIDETTE wishes the "gentlemen of the green cloth" good luck wherever they go and hopes their lines may always be cast in pleasant places.
